II. Nominal Capital and Shares

§ 4

- (1) The Company's nominal capital amounts to EUR 1,216,539,466.24. It is divided into 475,210,729 no-par value registered shares (i.e. shares without nominal value and registered in the name of the holder).
- (2) The Executive Board is authorised, with the consent of the Supervisory Board, to increase the share capital of the Company once or several times until the end of 6 May 2024, by up to EUR 450,000,000 through the issue of new no-par value shares for cash or contributions in kind (Authorised Capital A). In principle, the shareholders are to be granted a subscription right. The

shareholders may also be granted a subscription right indirectly pursuant to sec. 186(5) of the German Stock Corporation Act (AktG).

- a) The Executive Board is authorised, in the case of a capital increase for cash contributions, with the consent of the Supervisory Board, to exclude shareholders' subscription rights if the offering amount is not significantly below the market price, and the shares issued with subscription rights excluded, pursuant to sec. 186(3) sent. 4 AktG, do not exceed 10% of the share capital (10% limit) at the time of the authorisation taking effect or, if this amount is lower, at the time of its exercise. If during the term of the Authorised Capital A before it is utilised, other authorisations to issue or sell shares or to issue rights that enable or oblige the purchase of shares of the Company are exercised and for which subscription rights are excluded in direct or analogous application of Section 186(3) sentence 4 AktG, this is subject to the 10% limit stated in the above sentence.
- b) Wherever it is necessary to grant holders or creditors of warrant or conversion rights under bonds with warrants attached or convertible bonds that were or are issued by the Company or its Group companies a subscription right to new shares on a scale that would be due to them after exercise of their warrant or conversion rights and/or the meeting of conversion obligations, the Executive Board is authorised to exclude the subscription rights with the consent of the Supervisory Board.
- c) In capital increases in return for contributions in kind, specifically for the purpose of acquiring companies, business units, interests in companies or other assets or claims to the acquisition of assets, including receivables from the Company or its Group companies, or for the purpose of mergers of companies, the Executive Board is authorised to exclude the subscription rights with the consent of the Supervisory Board.
- d) The Executive Board is authorised, with the consent of the Supervisory Board, to exclude the subscription rights in order to pay a so-called scrip dividend whereby shareholders are offered the alternative of contributing their claim to a dividend as an (either complete or partial) contribution in kind to the Company in return for being granted new shares under the Authorised Capital A.

If the Executive Board does not make use of the aforementioned authorisations to exclude subscription rights, the Executive Board may, with the consent of the Supervisory Board, exclude the subscription rights of shareholders for fractional amounts only.

The sum of the shares issued in return for cash or contributions in kind with subscription rights of the shareholders excluded may not during the term of the Authorised Capital A exceed 10% of the share capital (10% limit) at the time of the authorisation taking effect or – if this value is lower – at the time of its exercise. If during the term of the Authorised Capital A until it is utilised, other authorisations are exercised to issue or sell shares in the Company or to issue rights that enable or oblige the purchase of shares of the Company for which subscription rights are excluded, this is subject to the 10% limit stated in the above sentence.

The Executive Board is authorised, with the consent of the Supervisory Board, to determine the further details of the share rights and the conditions for the issue of shares. The Supervisory Board is authorised to adapt Section 4(2) of the Articles of Association in accordance with the utilisation of Authorised Capital A in each case or upon expiry of the authorisation's term.

- (3) The Executive Board is authorised, with the consent of the Supervisory Board, to increase the share capital of the Company in one or more stages until 6 May 2024 by up to EUR 30,000,000 through the issue of new no-par value registered shares for cash contributions (Authorised Capital B). The new shares will be offered for purchase solely to employees of the Company and of associated companies. The subscription rights of shareholders shall be excluded. The Executive Board is authorised, with the consent of the Supervisory Board, to determine the further details of the utilisation of the Authorised Capital B, specifically the conditions for the issue of the new no-par value shares, the issue amount and the further details of shareholder rights, and the implementation of capital increases. The profit participation of the new no-par value registered shares may be determined otherwise than set forth in sec. 60(2) AktG. The Supervisory Board is authorised to adapt Section 4(3) sentences 1-6 of the Articles of Association in accordance with the utilisation of Authorised Capital B in each case or upon expiry of the authorisation's term.

In the event that the circumstances described in section 4 (3) of the Aviation Compliance Documenting Act (Luftverkehrsnachweissicherungsgesetz) occur, the Executive Board shall be authorised, after obtaining the consent of the Supervisory Board, to increase the Company's nominal capital by issuing new shares against a contribution in cash and to rule that existing shareholders have no automatic right to subscribe to the new shares. The issue price for the new shares shall be fixed in agreement with the Supervisory Board but must not fall short of the current stock market price by a material margin. A capital increase pursuant to this provision must not exceed 10 per cent of the Company's total nominal capital at the time the measure is taken.

In the event that the circumstances described in section 5 (2) of the Aviation Compliance Documenting Act occur, the Executive Board shall be authorised, after obtaining the consent of the Supervisory Board, to demand shareholders to sell all or part of the shares held by them and to furnish evidence to the Company that they have done so without undue delay. Shareholders will be called upon to take such action to the extent necessary to ensure that the Company meets the requirements for retaining its licences, rights and prerogatives under aviation laws and agreements and in the order stipulated in section 5 (3) of the Aviation Compliance Documenting Act. They shall be given an appropriate period of time to comply with this demand and shall be concurrently warned that their failure to comply may incur the legal consequence set out in section 5 (7) of the Aviation Compliance Documenting Act, under which their entitlement to own the shares can be rescinded. The demand to the shareholders, together with the warning that they may forfeit their ownership of the shares as a possible legal consequence of their failure to comply, must allow a compliance period of at least four weeks. Instead of a public announcement, an individual call addressed to the correspondent shareholders may be made; in this case, a compliance period of at least two weeks from the date of receipt of the individual call must be granted.

- (4) The share capital is conditionally increased to EUR 237,843,840 by the creation of contingent capital through the issuing of up to 92,907,750 new non-par value registered shares. The contingent capital increase will only be carried out to the extent that bearers or debtholders of the conversion and/or option rights from conversion bonds, warrant bonds, profit participation rights or participating bonds (or a combination of these instruments) that were issued by the Company or by one of its Group companies by 27 April 2021 based on the authorisation

approved by the Annual General Meeting of 28 April 2016 against a cash consideration, exercise their conversion or option rights, or that the bearers or debtholders of the conversion bonds issued by the company or by one of its Group companies by 27 April 2021 on the basis of the authorisation approved by the Annual General Meeting of 28 April 2016 (or of profit participation rights or of participating bonds with a conversion obligation) who have a conversion obligation to settle their obligation or tender options of shares are exercised and provided that neither treasury shares nor other forms of performance are used to settle these obligations. The new shares will participate in the profits from the start of the financial year in which they are created through exercising conversion or option rights, through discharging conversion obligations or through exercising tender options.

The Executive Board is authorised to determine further details of the conditional capital increase.

§ 5

- (1) The shares are registered shares; the shareholder's name, address, date of birth, number of shares owned and nationality (natural persons) or national identity (legal persons) must be entered into the shareholders' register kept by the Company. Transfer of the shares is subject to the Company's assent (Vinkulierung). The Company may only withhold its assent to the transfer of its shares if it has grounds to believe that the registration of the would-be shareholder could jeopardise the Company's licences, rights and prerogatives under aviation laws and agreements.
- (2) Shares issued by way of an increase in the nominal capital shall likewise be registered shares.
- (3) The right of shareholders to individual certificates evidencing their shares is excluded.
